

MEMORANDUM TO: GENERAL JABELL

You will remember that General Porter raised a question at today's IAC concerning clearances for those attending IAC meetings.

Attached is a copy of the IAC agreement on this subject. I have called the agency staff representatives and reminded them of this agreement; particularly, I asked Colonel Lansing to ascertain whether General Porter would have any specific recommendations.

Either with or without recommendations from General Porter, I take it that the DCI would want this agreement circulated for review at the next IAC meeting.
